# MOPP Tape

MOPP Tape is an economical tensilized polypropylene tape designed for temporary holding and surface protection on appliances and electronics. Other applications include flange masking of fiberglass parts, covering seams of medium density fiberboard during composite production in addition to multiple surface protection applications such as automotive door sills. The rubber adhesive offers excellent adhesion and **stain/residue free removal** from painted metals, stainless steel, ABS plastic, fiberglass and various surfaces.

**Can also be used for general strapping, light bundling, unitizing and palletizing AS STRONG AS FILAMENT TAPE BUT WILL NOT LEAVE AN ADHESIVE RESIDUE.**  
 Total thickness- 2.6mills, Color-white, Temperature Resistance- +200F, Adhesive-natural rubber resin  
 Tensile Strength(lbs/in width) - 90, Elongation- 26, Adhesion to steel (oz./in.width) - 30
